Subject: Application for the position Developer post.

Dear sir concerned

For the developer post in reference to the Independent.

My attention has drawn on your recent advertisement in www.bdjobs.com for filling up the position of "Software developer" for your own organization. I would like to offer myself for this job.

As is evident in my CV. I have completed my Bachelor degree in Software Engineering from Daffodil International University.

I have done a project on ATM transactions on C, Bank Management System "java" programming, more than 10 economical websites by "Html, CSS, Database"..

I am completely competent and committed in the quality affirmation designer segment that I have effectively demonstrated by being chosen as a colleague in SSL Wireless IT organization.

In perspective of the abovementioned, I am sure that I would have the capacity to contribute fundamentally to your rumored association.

I am anticipating hearing from a constructive individual.

Most sincerely

Nur Hossain
